

BACKGROUND

Trinity Development Foundation

The Trinity Development Foundation is a registered personal charitable foundation under the direction of John and Jennifer Ruddy.

John and Jennifer Ruddy recognize that the city of Ottawa is a unique and diverse community and there are numerous areas of need within the city. As residents of Ottawa, they are proud to generously support a wide range of interests in order to ensure that the best community programming is available and accessible to all members of the Ottawa community. It is their hope that the donations they make to the community will leverage further donations and encourage others to also give back to the community in which they live.

Of particular interest to the Trinity Development Foundation are Health, Care of Seniors, Youth Education and Sport, Arts and Community Programming.

Trinity Development Foundation supports numerous organizations including;
